

Dear members of the Speel-O-Theek,

As it is expected that the current measures regarding the Coronavirus will stay a while longer the board has decided to open a collection counter as from the 6th of March.

This means that you can select toys at home, pass the list on to us and then collect them. Unfortunately our system does not show availability. It is therefore possible that the toy has been borrowed when you want to borrow it.

You can find our entire collection on our website www.speelothekhilversum.nl via the digital catalog

Toys can therefore be borrowed only through an order by e-mail to: speelgoed@speelothekhilversum.nl

The rules for the takeaway counter.

- You select 10 toys from the digital catalog. You can see the toy codes by clicking on productdetails.
- Put toys that you would like to borrow at the top of the wish list.
- Place your order before 19:00 on Thursday evening with your name and membership number and the codes and names of the 10 toys you want to borrow.
- You can mail this list before 19:00 on Thursday evening to speelgoed@speelothekhilversum.nl. You will not receive confirmation by e-mail.
- Because not all toys will be present, we will put the first 4 available items from your list ready in the Speel-O-Theek.
- The order in which this email is received determines whether you can pick up the toys on the following Saturday.
- We help a maximum of 20 members in 1 day. Unfortunately, more is not possible.
- If your number is 21 or higher, it will be your turn the following week. You will receive a message from us if this is the case.
- Collection is possible on Saturday from 10:00 am to 11:30 am. We do not work with a time slot.
- Make sure the toys you return are properly cleaned.
- If something is missing or broken, report it. This is how we keep our Speel-O-Theek complete and clean together.
- Then you place the toys in the quarantine area.
- There will be an employee at the entrance who arranges access and allows members to enter 1 by 1. So 1 in and 1 out.
- Maximum 1 adult is allowed. (so unfortunately no children).
- Residence time in the Speel-O-Theek no more than 5 minutes.
- Payment of any outstanding membership fees and fines only by pin. (so no cash) There is of course no penalty charged for too late.

When picking up and returning, keep 1.5 meters distance and a mouth mask is mandatory.

New Toys:

During the lockdowns, we worked hard in the Speel-O-Theek. All toys have been checked, replaced if necessary and disposed of. Nice new toys were also purchased through a donation of €1020 from the **Lakeland Foundation**. Largely based on the wishes of members.

What kind of things have we bought? A go-kart, a Wobbel Balance board, water tables, Smartmax, Clics, a basketball pole and marble courts. And have you seen the sets of Frozen, Paw Patrol and Planes?

There is also a shelving unit placed in the corner of the driving/outdoor toys.

We hope to see you again soon.

The volunteers from Speel-o-theek De Steeg.
